

CORPORATE CAPABILITY STATEMENT

• Equipment Hire • Transport • Residential, Civil, Mining & Infrastructure Support

Maxi Equipment Hire and Maxi Towing & Transport provide professional equipment hire and transport solutions to civil, commercial, infrastructure and industrial clients throughout South Australia. Our business has been built around reliability, honesty, communication and delivering consistent service outcomes for our clients.

We understand that projects operate under strict timeframes, budgets and operational pressures, which is why we focus heavily on responsiveness, flexibility and dependable support. We value long-term relationships and believe that strong client partnerships are built through transparency, trust and delivering on commitments. Our team works closely with clients to understand project requirements, operational challenges and scheduling demands to provide practical and efficient solutions that support project continuity. Whether supplying equipment, coordinating transport logistics or supporting time-sensitive project requirements, we are committed to maintaining high standards of professionalism, communication and care across every aspect of our operations.

Company Overview

Maxi Equipment Hire and Maxi Towing & Transport have established a strong reputation for reliability, professionalism and responsive customer service across South Australia. Our operations are focused on supplying well-maintained equipment, efficient transport solutions and practical project support services across civil, commercial, residential, mining and infrastructure sectors.

We understand the importance of minimising downtime and maintaining consistent communication throughout project delivery. Our team takes pride in being approachable, responsive and committed to delivering practical solutions that support our clients' operational requirements.

We continue to build long-term relationships with contractors, project managers, builders and businesses by maintaining dependable service standards and a genuine commitment to supporting our clients.

Equipment Hire Fleet

Dry Hire Equipment Solutions

Maxi Equipment Hire supplies reliable and professionally maintained equipment to support a wide range of construction, infrastructure, industrial and commercial projects. This is backed by investment in modern equipment and a continuously growing fleet.

Our fleet includes:

- Excavators
- Site dumpers
- Compaction equipment
- Scissor lifts/EWPs
- Generators & site support equipment
- Skid steers/Posi tracks
- Tipper
- Concrete cutting equipment
- Attachments & specialised equipment

All equipment is regularly serviced, inspected and maintained to ensure reliability, safety and operational performance across all project environments.

Transport & Logistics

Maxi Towing & Transport provides dependable machinery, equipment and freight transport services through our growing fleet of tilt tray trucks and prime movers throughout Adelaide, regional South Australia and interstate when required.

We understand that transport reliability is critical to maintaining project schedules and minimising costly delays. Our team works proactively to coordinate deliveries, machinery relocations and logistics support efficiently and professionally.

Transport Capabilities:

- Machinery transport
- Tilt tray trucks
- Low loader transport
- Oversize and specialised transport coordination
- Construction and civil logistics support
- Site deliveries
- Emergency equipment relocation
- Remote area deliveries
- Recovery and salvage
- Marine services and vehicles
- Equipment float work

Customer Relations & Client Commitment

At Maxi, we place significant value on maintaining long-term partnerships and repeat business relationships. We actively listen to our clients and understand that every project has different priorities, challenges and financial considerations. Our team believes in honest communication and maintaining an open and collaborative approach throughout all stages of project delivery.

We are always willing to discuss pricing structures, scheduling requirements and tailored service solutions to ensure we provide practical, flexible and cost-effective outcomes for our clients. Our goal is not simply to provide equipment or transport services, but to be a dependable and trusted service provider that clients can confidently rely on.

Handling Client Equipment & Assets

Maxi Equipment Hire and Maxi Towing & Transport understand the importance of handling client equipment, machinery and assets with care, professionalism and attention to detail. Whether transporting machinery, delivering hired equipment or supporting logistics operations, our team takes every precaution to ensure assets are handled safely, securely and responsibly throughout every stage of the process.

We recognise the value of our clients' equipment and understand the trust placed in our team when managing and transporting machinery. Maintaining that trust through safe handling practices, professionalism and accountability remains a core focus of our operations.

Our Streamlined Hire & Transport Process

Step 1

Project Discussion

Tell us about your project requirements, site conditions and equipment needs. Our team will recommend practical hire and transport solutions tailored to your job.

Step 2

Quote & Scheduling

We provide clear pricing, flexible hire options and prompt turnaround times. Once approved, we'll schedule your equipment and transport requirements efficiently.

Step 3

Delivery & Site Coordination

Equipment can be collected or delivered directly to site. We coordinate transport logistics, access requirements and delivery timing to ensure a smooth arrival.

Step 4

Equipment Ready For Work

All equipment is supplied serviced, inspected and ready for operation. Relevant safety information and support are provided to help keep your project running efficiently.

Step 5

Ongoing Support

Our team remains available throughout the hire period to assist with scheduling changes, transport requirements and general support when needed.

Step 6

Collection & Fleet Maintenance

At the completion of hire, we arrange collection or return of the equipment. Every machine is thoroughly inspected, cleaned and maintained to our operational standards before its next deployment.

Why Clients Choose Maxi

- Honest and transparent communication
- Reliable service and responsive support
- Flexible and tailored pricing solutions
- Modern and well-maintained equipment
- Professional handling of machinery and client assets
- Strong attention to professionalism and reliability
- Commitment to long-term client relationships
- Efficient mobilisation and dependable transport support

Core Values & Compliance

Reliability

Maxi Equipment Hire and Maxi Towing & Transport understand the importance of dependable service within fast-paced project environments. Our team is committed to delivering equipment, transport and support services safely, efficiently and on schedule.

Honest Communication

We believe strong working relationships are built through transparency, respect and open communication. We actively listen to our clients and maintain a collaborative approach throughout every stage of project delivery.

Safety & Responsibility

Safety remains a core priority across all areas of our operations. We are committed to maintaining safe work practices, properly maintained equipment and responsible transport procedures to protect people, assets and project outcomes.

Professionalism

Our team takes pride in presenting and operating to a high professional standard. From client interaction to equipment presentation and transport coordination, we focus on consistency, accountability and quality service delivery.

Flexibility & Client Focus

Every project presents different operational requirements, budgets and scheduling pressures. We work closely with clients to provide practical, tailored and cost-effective solutions that support successful project delivery.

Long-Term Partnerships

We value long-term relationships and repeat business opportunities. Our goal is to be a trusted and dependable service provider that clients can confidently rely on across future projects and ongoing operational requirements.

Insurance & Compliance

Maxi Equipment Hire and Maxi Towing & Transport maintain appropriate insurance coverage across our operations to support safe and compliant project delivery. We are committed to operating responsibly and professionally across all work environments.

Qualified & Competent Personnel

Our operators, drivers and staff are appropriately trained, experienced and hold relevant qualifications and licences required to safely perform their roles. We place strong importance on competency, safe operating procedures and maintaining professional standards across all areas of our business.

Continuous Investment & Growth

We are committed to the ongoing investment and expansion of our equipment fleet, transport assets and operational capabilities. We continually reinvest into modern, reliable and industry-leading equipment to ensure our clients have access to safe, efficient and dependable solutions that meet the evolving demands of civil, commercial, infrastructure and industrial projects. By consistently upgrading and expanding our fleet inventory, we are able to provide greater availability, improved reliability and enhanced service capability.
